Exploring Churches Patricia Joan Hunt, 1998-01-01 **Exploring the Seven Churches of Revelation** Susan Howell, 2015-12-02 Discovering what life was like for people in the first century churches became a passion for Susan Howell Her research is focused on the first century lives what were the behind the scenes things we don't know from casually reading the Bible Focused on lessons from these churches we ask how they apply to modern times What can we do to avoid the trials and challenges of those in the first century She questioned why the letters were written to those locations which are in modern day Turkey and not in Israel As a man Jesus never visited these churches in fact He never left Israel Yet these churches open the book of Revelation the final book in the Bible given to John in a vision on the island of Patmos near the end of the first century We know that Jesus was a great communicator As He spoke to those who fish He used fishing terms and to those who bake baking terms Susan wanted to know what Jesus was saying to the first century churches What was happening in those towns those churches What did Jesus say to them in language and phrases they would understand Susan has visited the excavated ruins of each of the seven churches in Turkey and studied each letter to the individual churches She separated the letter verse by verse to learn what Jesus was saying Her hope is that you the reader will discover what He is saying to them and in turn to us This will allow the reader the opportunity to spend quality time with Jesus **A Multi-Site Church Roadtrip** Geoff Surratt, Greg Ligon, Warren Bird, 2009-09-22 What is the rapidly expanding multi site church movement all about Experience the revolution for yourself and see why it has become the new normal for growing churches A Multi Site Church Roadtrip takes pastors church leaders and anyone who is interested on a tour of multi site churches across America to see how those churches are handling the opportunities and challenges raised by this dynamic organizational model Travel with tour guides Geoff Surratt Greg Ligon and Warren Bird authors of *The Multi Site Church Revolution* and enjoy engaging and humorous on site narratives that show you the creative ways churches of all kinds are expanding their impact through multiple locations Hear the inside stories and learn about the latest developments Find out firsthand how the churches in this book are broadening their options for evangelism service and outreach while making better use of their ministry funds Since each church on this tour is unique you won't find a cookie cutter approach to ministry Instead you'll gain some practical tools you can use to explore a multi site direction at your own church *Exploring Cambridgeshire Churches* Carolyn Wright, 1991 *Faith and Ruin* Adriana Perez, 2025-07-31 *Faith and Ruin* Exploring the Abandoned Churches of Texas invites readers on a haunting journey through the forgotten sanctuaries of the Lone Star State Written by Adriana Perez this captivating work connects historical research with personal exploration revealing the stories behind the abandoned churches in Texas that once served as community cornerstones From the majestic Mount Vernon African Methodist Episcopal Church to the historic St Joseph Church in Rockdale each site exhibits Texas's diverse religious heritage and the strong connections formed by those who worshipped there These churches stand as a testament to the

The Commercial Church Mary Hinton,2011-05-19 In this new book on the rise of commercial black mega churches Mary Hinton examines the rich legacy of the historic black church from the dual perspectives of theology and religious education She explores the new religious models emerging from the tradition of the historic black church and questions whether they are continuing to operate and practice according to the wisdom of this unique form of American religion Two mega church ministries those of T D Jakes and Creflo Dollar are examined in detail with regards to how they align with black church religious history Hinton concludes by proposing that the fastest growing religious phenomenon within and outside of the black community in the United States the mega church should no longer be analyzed based on size alone Instead Hinton urges readers to consider the ecclesiastical structures of churches in making appropriate assessments in determining should and should not be classified as a commercial church

Pinning Down the Past Mike Corbishley,2014-04-17 In a relatively short period of time the pursuit of archaeology has evolved from an antiquarian interest to a specialised scientific activity Part of this evolution has always included the interest of the public and archaeologists efforts to educate them As each new method and technique is developed and each new specialism is created the challenge of making archaeology available as a learning resource grows with it Today for example the issues which surround archaeology and heritage such as the pressures of tourism on sites now form part of many formal educational curricula This book the first to deal with the subject in such depth examines the place of education and outreach within the wider archaeological community Written by one of Britain s leading archaeological educationalists it charts the sometimes difficult and painful growth and development of education and archaeology Packed full of informative and enlightening case studies from the circus at Colchester to Sutton Hoo and Hadrian s Wall this work examines exactly how we have reached the point we are at where that place is and suggests areas for future development By drawing upon many decades of experience at the front line of archaeological education the author has produced a key text that will play a major role in the on going development of the heritage industry
