

WHAT'S THE CONFLICT BETWEEN FAITH AND REASON?

Faith Reason

Robert Campbell Roberts

Faith Reason:

Faith, Reason, and Beyond Reason Mark J. Boone, 2024-07-16 The relationship between faith and reason is multifaceted Faith transcends reason in that it is more than reason alone can contain or fully guarantee yet it is neither unreasonable nor something to which reason is irrelevant and reason says some pretty fine things about it This volume updates nine previously published articles on faith and reason by a Christian philosopher who has been studying these matters for two decades alongside one new essay and a philosophical dialogue These articles explain and integrate key ideas on faith and reason including Alvin Plantinga's account of how Christian belief can be knowledge even without evidence defenses of faith from Augustine and William James accounts of empirical evidence for faith from different world religions the distinction between faith and sight in the New Testament the structure of the evidence for the authority of the Bible the idea that faith transcends reason because some articles of faith are beyond human comprehension even if we have evidence that they are true and the nature of faith as a total commitment beyond what the evidence alone can guarantee

Faith, Reason and Common Sense: Paul M. Roddick, 2010-05-14 Have you ever wondered where religion is concerned what you really believe In FAITH REASON COMMON SENSE the interdependence of religion and culture is examined with care and insight Readers with strong religious convictions may be surprised to discover that the history of religion every religion is both a chronicle of heresy and a reconfiguration of belief In his examination of the relationship between Faith and Reason the author rejects the familiar premise that a life guided by one must exclude the other Although he stresses the importance of examining the faith of our fathers he is respectful of those who in a world dominated by science find guidance and reassurance in their religion Far ranging and insightful drawing on a wealth of sources and opinions there is something for everyone in this challenging and though provoking study
