Everyday Geography:

Everyday Geography Kevin McKinney, 1993 **Everyday Geography of the World** Kevin McKinney, 2003-09
Everyday Geography takes you on an incredible armchair journey around the world and introduces you to far off lands as well as those right around the corner Each chapter focuses on a specific continent and includes an up to date country by country description detailing topography climate natural resources history and culture Every turn of the page reveals a fascinating new fact In a lively format including scintillating sidebars mind boggling geofacts challenging quizzes and charming illustrations Everyday Geography of the World entertains as it enlightens much like a tour guide who knows all the ins and outs of a region For home school or office this thoroughly readable resource provides essential knowledge for global villagers of all ages Book jacket

Everyday Geography Frank Schaffer, 2001-09-11 Engaging activities connect the events of students daily lives to the broader world around them As they investigate real geographic problems and questions students focus on one or more of the five major themes of geography Topics include identifying international foods predicting global temperatures making and interpreting population graphs planning a cross country trip tracing ethnic roots and much more A great way to open students eyes to the world around them

Teaching Primary Geography Simon Catling, Tessa Willy, 2010-07-21 Written with reference to the 2007 Professional Standards for the Award of QTS and initiatives such as the Primary National Strategy each chapter offers practical guidance on topics such as planning assessment and the creation of resources It provides summaries of key topics in primary geography including the study of places environmental sustainability learning beyond the classroom global issues citizenship and cross curricular approaches to promote children s subject knowledge well being and learning within primary geography With research summaries practical and reflective tasks and classroom examples this book helps trainees and NQTs teach primary geography confidently and creatively throughout the primary school

The Geography of the Everyday Rob Sullivan, 2017-12-15 Anthropologists psychologists feminists and sociologists have long studied the everyday the quotidian the taken for granted however geographers have lagged behind in engaging with this slippery aspect of reality Now Rob Sullivan makes the case for geography as a powerful conceptual framework for seeing the everyday anew and for pushing back against its givenness its capacity to so fade into the background that it controls us in dangerously unexamined ways Drawing on a number of theorists Foucault Goffman Marx Lefebvre H gerstrand and others Sullivan unpacks the concepts and perceived realities that structure everyday life while grounding them in real world cases such as Nigeria s troubled oil network the working poor in the United States China s urban villages and ultra high end housing in London and Cairo In examining the everyday from a geographical perspective Sullivan ranges widely across time space history geography Marxian reproduction the body and the geographical mind The everyday Sullivan suggests is where change occurs and where resistance to change can begin By locating the everyday through geography we can help to make change possible Whatever the issue be it struggles over race LGBT rights class

inequality or global warming the transformations required to achieve social justice all begin with transformation of the everyday order

The SAGE Handbook of Human Geography, 2v Roger Lee, Noel Castree, Rob Kitchin, Vicky Lawson, Anssi Paasi, Chris Philo, Sarah Radcliffe, Susan M. Roberts, Charles Withers, 2014-05-22 Superb How refreshing to see a Handbook that eschews convention and explores the richness and diversity of the geographical imagination in such stimulating and challenging ways Peter Dicken University of Manchester Stands out as an innovative and exciting contribution that exceeds the genre Sallie A Marston University of Arizona Captures wonderfully the richness and complexity of the worlds that human beings inhabit This is a stand out among handbooks Lily Kong National University of Singapore This wonderfully unconventional book demonstrates human geography's character and significance not by marching through traditional themes but by presenting a set of geographical essays on basic ideas practices and concerns Alexander B Murphy University of Oregon This SAGE Handbook stands out for its capacity to provoke the reader to think anew about human geography essays that offer some profoundly original insights into what it means to engage geographically with the world Eric Sheppard UCLA Published in association with the journal *Progress in Human Geography* edited and written by the principal scholars in the discipline this Handbook demonstrates the difference that thinking about the world geographically makes Each section considers how human geography shapes the world interrogates it and intervenes in it It includes a major retrospective and prospective introductory essay with three substantive sections on Imagining Human Geographies Practising Human Geographies Living Human Geographies The Handbook also has an innovative multimedia component of conversations about key issues in human geography as well as an overview of human geography from the Editors A key reference for any scholar interested in questions about what difference it makes to think spatially or geographically about the world this Handbook is a rich and textured statement about the geographical imagination

Geographies of Comfort Danny McNally, Laura Price, Philip Crang, 2020-12-29 Bringing together conceptual and empirical research from leading thinkers this book critically examines comfort in everyday life in an era of continually occurring social political and environmental changes Comfort and discomfort have assumed a central position in a range of works examining the relations between place and emotion the senses affect and materiality This book argues that the emergence of this theme reflects how questions of comfort intersect humanistic cultural political and materialist registers of understanding the world It highlights how geographies of comfort becomes a timely concern for Human Geography after its cultural emotional and affective aspects More specifically comfort has become a vital theme for work on mobilities home environment and environmentalism sociability in public space and the body Comfort is recognized as more than just a sensory experience through which we understand the world its presence absence and pursuit actively make and unmake the world In light of this recognition this book engages deeply with comfort as both an analytic approach and an object of analysis This book offers international and interdisciplinary perspectives that deploys the lens of comfort to make sense of the textures of everyday life in a variety of geographical contexts It will appeal

to those working in human geography anthropology feminist theory cultural studies and sociology

Understanding and Teaching Primary Geography Simon Catling, Tessa Willy, 2018-06-18 This book outlines how good teaching of primary geography can extend children's world awareness and help them make connections between their environmental and geographical experiences Chapters offer guidance on important learning and teaching issues as well as the use and creation of resources from the school environment to the global context It covers all the key topics in primary geography including understanding places physical and human geography environmental sustainability learning outside the classroom global issues citizenship and social justice Summaries classroom examples and practical and reflective tasks are included throughout to foster understanding and support the effective teaching of primary geography

[An Everyday Geography of the Global South](#) Jonathan Rigg, 2007-06-14 Taking a broad perspective of livelihoods this book draws on more than ninety case studies from thirty six countries across Asia Africa and Latin America to examine how people are engaging and living with modernity This extends from changes in the ways that households operate to how and why people take on new work and acquire new skills how migration and mobility have become increasingly common features of existence and how aspirations and expectations are being reworked under the influence of modernization To date this is the only book which takes such an approach to building an understanding of the global South By using the experience of the non Western world to illuminate and inform mainstream debates in geography and in beginning from the lived experiences of ordinary people this book provides an alternative insight into a range of geographical debates The clarity of argument and its use of detailed case studies makes this book an invaluable resource for students

Chinese Calcuttawallah Sukla Basu, Kunaljeet Roy, 2025-11-30 By examining the everyday geographies of ethnic identity place making and cultural landscape transformations as well as tracing the root of the Chinese community's origin through cartographic and archival records this book depicts multi cultural landscape formation in Kolkata Calcutta The authors capture how Kolkata's vibrant Chinese community has uniquely shaped the twin Chinatowns amidst the city's diverse urban tapestry and gradually modified the adjacent cultural landscape towards a little China As these neighbourhoods encounter modern challenges of gentrification and global connectivity the book explores the ways in which the community particularly its youth navigates the complexities of maintaining a transnational identity while being deeply rooted in the local cultural milieu From the continuous ebb and flow of migration to the fostering of hybrid identities this analysis examines how these transformations impact community cohesion and cultural heritage Featuring poignant individual case studies from Indian Chinese respondents the book examines issues such as identity preservation efforts and the effects of socio economic changes Research techniques like adopting visual ethnographic streetscape and cognitive emotional cartography depict the everyday geography of the twin Chinatowns illustrating how these communities claim their spaces and build connections on a global scale Kunaljeet Roy and Sukla Basu reconnect with the essence of Kolkata's Chinese community and showcase how they navigate the challenges of a
