*From the Land of Green Ghosts* Pascal Khoo Thwe, 2002-11-05 Winner of the 2002 Kiriyama Prize in Nonfiction In 1988 Dr John Casey a Cambridge don visiting Burma was told of a waiter in Mandalay with a passion for the works of James Joyce Intrigued by this unlikely story he visited the restaurant where he met Pascal Khoo Thwe The encounter was to change both their lives Pascal grew up as a member of the tiny remote Kayan Padaung tribe famous for their giraffenecked women The Padaung practiced a combination of ancient animist and Buddhist customs mixed with the Catholicism introduced by Italian missionaries Theirs was a dream culture a world in which ancestors were worshipped and ghosts were a constant presence Pascal was the first member of his community ever to study English at university But in Burma English books were rare and independent thought was discouraged Photocopies of the few approved texts would be passed from student to student while tuition consisted of lecturers reciting essays that the students learned by rote Within a few months of his chance meeting with Dr Casey Pascal's world lay in ruins Successive economic crises brought about by Burma's military dictatorship meant he had to give up his studies The regime's repression grew more brutal and Pascal's student lover who had become involved in the movement for democracy was arrested raped and finally murdered by the armed forces Pascal fled to the jungle becoming a guerrilla fighter in the life or death struggle against the government and seeing many of his friends and comrades die in battle At a moment of desperation he remembered the Englishman he had met in Mandalay and wrote him a letter with little expectation of ever receiving a reply Miraculously the letter reached its destination on the other side of the world Not only that it would lead to Pascal's being rescued from the jungle and enrolling to study English at Cambridge University the first Burmese tribesman ever to do so *From the Land of Green Ghosts* is the autobiographical tale of a remarkable triumph of hope over despair and of an encounter between two very different worlds Hauntingly and poetically written it unforgettably evokes the realities of life in modern day Burma and one young man's long journey to freedom despite almost unimaginable odds

*A Brief Guide to Ghost Hunting* Leo Ruickbie, 2013-08-15 There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in

1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce A Brief Guide to Ghost Hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories A Ghost Hunting Survey makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more
