

GRID
DEDUCTIVE LOGIC PUZZLES

Perplexors

Level C

Build logic skills, one story at a time, one clue at a time.

Match characters to characteristics, actions to adverbs, and logical leaps to your students' learning. Each Grid Perplexors puzzle starts with a story that challenges the reader to figure out who, what, where and when details using a list of clues. Each clue is a puzzle in itself, offering as much information about what's *not* true as what is. Through the process of elimination, plus handy pre-printed grids for organizing deductions, students will build their ability to think through complex problems and integrate logic into other disciplines.

Perfectly logical. Completely fun!

By practicing the process of elimination, students get valuable practice for standardized tests that reward logical thinking. As they are no longer intimidated or tricked by questions that require them to draw conclusions, test scores naturally improve—often dramatically! Have your students solve two or three puzzles a week as part of your curriculum.

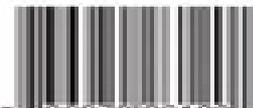

The Books: As students progress through the levels, puzzles increase in difficulty within each book.

Level A	Grades 3 and 4
Level B	Grades 4 and 5
Level C	Grades 5 and 6
Level D	Grades 7 and up
