Uses the principles of sacred geometry archaeological evidence and Native American legend to discover the site of a secret Templar settlement in Nova Scotia Offers evidence that Scottish prince Henry Sinclair not only sailed to the New World 100 years before Columbus but that he also established a refuge there for the Templars fleeing persecution

Shows that the Grail the holy bloodline connecting the House of David to the Merovingian dynasty through Jesus and Mary Magdalene was hidden in the New World In 1398 almost 100 years before Columbus arrived in the New World the Scottish prince Henry Sinclair Earl of Orkney sailed to what is today Nova Scotia where his presence was recorded by Micmac Indian legends about Glooskap This was the same Prince Henry Sinclair who offered refuge to the Knights Templar fleeing the persecution unleashed against the order by French king Philip the Fair at the beginning of the 14th century With evidence from archaeological sites indigenous legend and sacred geometry handed down by the Templar order to the Freemasons author William F Mann has now rediscovered the site of the settlement established by Sinclair and his Templar followers in the New World Here they found a safe refuge for the Grail the holy bloodline connecting the House of David to the Merovingian Dynasty through the descendants of Jesus and Mary Magdalene until the British exiled all the Acadians in 1755

Written in the Ruins Paul Chiasson,2016-01-23 2017 Robbie Robertson Dartmouth Book Award Shortlisted Paul Chiasson reveals the possibility that early Chinese settlers landed in Cape Breton long before Europeans From the very beginning of the European Age of Discovery Cape Breton was considered unusual The history of the area even includes early references to the island having once been the land of the Chinese In 1497 at least a century before any attempt at European settlement in the region the explorer John Cabot had referred to Cape Breton as the Island of Seven Cities The indigenous people of the region the Mi kmaq were the only aboriginal people of North America who had a written language when Europeans first arrived This writing clothing and customs also suggested an early Chinese presence In *Written in the Ruins* Chiasson investigates the ruins at St Peters in the southern part of the island where evidence brought to light supports a theory that could answer all the questions raised by the island s curious unresolved history [The Westford Knight and Henry Sinclair](#) David Goudsward,2020-04-06 The Westford Knight is a mysterious controversial stone carving in Massachusetts Some believe it is an effigy of a 14th century knight evidence of an early European visit to the New World by Henry Sinclair the Earl of Orkney and Lord of Roslin In 1954 an archaeologist encountered the carving long known to locals and ascribed a variety of origin stories and proposed it to be a remnant of the Sinclair expedition The story of the Westford Knight is a mix of history archaeology sociology and Knights Templar lore This work unravels the threads of the Knight s history separating fact from fantasy This revised edition includes a new foreword and four new chapters which add context to the myth building that has surrounded the Westford Knight and artifacts like it **The Theosophist** ,1902 **Indian Legends of Canada** Claude Mélançon,1974 A collection of legends representative of tribes that lived in four major areas of Canada the Atlantic coast the Eastern Woodlands the Prairies and the Pacific coast *A Native Heritage* Leslie Monkman,1981-12-15 Disparity and division in religion technology and ideology have characterized relations between English Canadian and Indian cultures through out Canada s history From the earliest declaration of white territorial ownership to the current debate on aboriginal rights red man and white man have had opposing principles and perspectives

The most common solutions imposed on these conflicts by white men have relegated the Indian to the fringes of white society and consciousness This survey of English Canadian literature is the first comprehensive examination of a tradition in which white writers turn to the Indian and his culture for standards and models by which they can measure their own values and goals for patterns of cultural destruction transformation and survival and for sources of native heroes and indigenous myths Leslie Monkman examines images of the Indian as they appear in works ranging from Robert Rogers Ponteach or The Savages of America 1766 to Robertson Davies Pontiac and the Green Man 1977 demonstrating how English Canadian writers have illuminated their own world through reference to Indian culture The Indian has been seen as an antagonist as a superior alternative as a member of a vanishing and lamented race and as a hero and the source of the new myths Although white Indian tension often lies in apparently irreconcilable opposites Monkman finds in the literature surveyed complementary images reflecting a common humanity This is an important contribution to a hitherto unexplored area of Canadian literature in English which should give rise to further elaboration of this major theme *The Journal of American Folklore* ,1894
