Gdh Cole:

The Life of G. D. H. Cole Margaret Cole, 1971 Labour's Thinkers Kevin Hickson, Matt Beech, 2007-04-27 Labour's Thinkers seeks to examine the key ideas emphasised by the twelve individuals whom the authors judge to have made the most significant development to the political thought of the Labour Party since the 1930s Hickson and Beech argue the Labour Party is a party of values but often not of ideas The number of people involved in the serious discussion of ideas in the Labour Party is relatively small and intellectuals are often viewed with suspicion in what is or was a party set up to represent the interests of the working classes The formulation and development of ideas are therefore crucial to understanding the outcomes of the Labour Party's internal struggles and the basis of the party's appeal Labour's Thinkers highlights influential and at times controversial figures involved in the battle of socialist ideas in the Labour Party thus exploring concepts such as equality liberty community power the state ownership and patriotism *G. D. H. Cole* L. P. Carpenter, 1973 A sensitive analysis of the thought and intellectual development of G D H Cole 1889 1959 the distinguished Labour historian Cole's career is traced from his earliest days in the Labour movement to his final years as Chichele Professor of Social and Political Thought at Oxford Professor Carpenter examines Cole's role in the creation of Guild Socialism his work in the early 1920s when after the decline of Guild Socialism he turned towards the analysis of policies research through the New Statesman and the New Fabian Research Bureau and teaching at Oxford his attempts to provide a policy for the Left in the 1930s the idea of economic planning and the Popular Front his activities during the Second World War and his place in the debates over the Labour movement's cause after the 1945 government Finally Professor Carpenter discusses Cole's courageous recognition towards the end of his life that Socialism had not come and his attempts to start a new cycle of research in one of the first efforts to create a New Left *G. D. H. Cole and Socialist Democracy* A. W. Wright, 1979 *Egalitarian Thought and Labour Politics* Nick Ellison, 2002-11 Nick Ellison argues that the concept of equity is the cornerstone of the British socialist tradition examining the alternative understandings that have divided the Labour party since 1930 and considering contemporary attitudes Woodworkers, Painters & Buildingworkers Journal, 1921 **Monthly Journal** Amalgamated Society of Woodworkers, 1922 **Social Democracy in the Making** Gary Dorrien, 2019-04-23 An expansive and ambitious intellectual history of democratic socialism from one of the world's leading intellectual historians and social ethicists The fallout from twenty years of neoliberal economic globalism has sparked a surge of interest in the old idea of democratic socialism a democracy in which the people control the economy and government no group dominates any other and every citizen is free equal and included With a focus on the intertwined legacies of Christian socialism and Social Democratic politics in Britain and Germany this book traces the story of democratic socialism from its birth in the nineteenth century through the mid 1960s Examining the tenets on which the movement was founded and how it adapted to different cultural religious and economic contexts from its beginnings through the social and political traumas of the twentieth century Gary

Dorrien reminds us that Christian socialism paved the way for all liberation theologies that make the struggles of oppressed peoples the subject of redemption He argues for a decentralized economic democracy and anti imperial internationalism

Socialism and the Challenge of War (RLE The First World War) Jay M. Winter,2014-04-24 The First World War marks a crucial period in the history of the socialist wing of the British labour movement This book is an account of the development of the political ideas and activities of some of the most influential British socialist thinkers of that time Beatrice and Sidney Webb R H Tawney and G D H Cole The first part of the book examines the state of the Labour movement and of socialist ideas on the eve of the conflict then turns to the central question of the impact of the War on the dissemination of British socialist ideas *Late Modernity, Individualization and Socialism* M. Dawson,2013-05-14 Influenced most notably by mile Durkheim and Zygmunt Bauman Dawson outlines how this long neglected stream of socialist theory can help us more fully understand and possibly move beyond the problems of neoliberalism and our conceptions of political individualism

Against the Cold War Darren G Lilleker,2004-11-26 Who were the British MPs sympathetic to the Soviets the crypto communists left wing gadflys the neo Stalinist left so derided by fellow politicians journalists historians and the public These Labour MPs fingered as Soviet spies who developed links with post war Russia were seen as potentially anti Western actors in the Cold War **Against the Cold War** examines the careers and motives of MPs like Tom Driberg and Ian Mikardo who developed ideological links with the Soviet Union and whose ideas influenced Labour s left wing Although radical and sympathetic to Communist ideals they remained principled socialists and were ready to exercise Trotsky s right to alight to oppose and even abandon Soviet links for democratic socialism **Year Book** Carnegie Endowment for International Peace,1924 **The Development of Machines in Production** Arthur Serner,1927 Bookseller's catalogues Thornton J. and son,1883 Economic and Social History of the World War Carnegie Endowment for International Peace,1924 **The Labour Monthly** ,1929 Includes section Book reviews The Athenaeum ,1919 **Industrial Ideals** Victor Gollancz,1920 *Record* ,1927 The Socialist Review ,1920
