Ur III Texts in the Schøyen Collection Jacob L. Dahl, 2020-07-06 Judging from the sheer amount of textual material left to us the rulers of ancient Ur were above all else concerned with keeping track of their poorest subjects who made up the majority of the population under their jurisdiction Year after year administrators recorded in frightening detail the whereabouts of the poorest individuals in monthly and yearly rosters assigning tiny parcels of land to countless prebend holders and starvation rations to even more numerous estate slaves The texts published in this volume dating from the time of the Third Dynasty of Ur ca 2100 2000 BC attest to the immense investment of the ancient rulers in managing their subjects This volume presents editions of two hundred and twenty four cuneiform tablets selected from the Schøyen Collection the vast majority of which have not been previously published The ancient provenience for these texts is primarily Umma with other core provinces represented in smaller numbers such as notable contributions from ancient Adab which is underrepresented in the published record In order to provide a fuller picture of the administration of the Ur III state a number of texts from other collections both published and unpublished have been integrated into this volume Accompanied by Jacob L Dahl s precise translations extensive commentary and exhaustive indexes this volume presents extensive new data on prosopography economy accounting procedures letters contracts technical terminology and agriculture that adds significantly to our knowledge of society and the economy during the Third Dynasty of Ur An important contribution to the study of the Ur III period in particular for Assyriology this volume will serve as a useful handbook for scholars and students alike
