Exile In Amsterdam:

Max Beckmann Carla Schulz-Hoffmann, Max Beckmann, 2007 *Exile in Amsterdam* Max Beckmann, 2007 *Exile in Amsterdam* Marc Saperstein, 2005-12-31 Exile in Amsterdam is based on a rich extensive and previously untapped source for one of the most important and fascinating Jewish communities in early modern Europe the sermons of Saul Levi Morteira ca 1596 1660 Morteira the leading rabbi of Amsterdam and a master of Jewish homiletical art was known to have published only one book of fifty sermons in 1645 until a collection of 550 manuscript sermons in his own handwriting turned up in the Rabbinical Seminary of Budapest After years of painstaking study from microfilms and three trips to Budapest to consult the actual manuscripts Marc Saperstein has written the first comprehensive analysis of the historical significance of these texts some of which were heard by the young Spinoza Saperstein reviews the broad outlines of Morteira s biography his treatment by scholars and his image in literary works He then reconstructs the process by which the preacher produced and delivered his sermons Morteira s sermons also provide a trove of information about individuals and institutions in Morteira s Amsterdam enabling Saperstein to analyze the shortcomings of behavior and the lapses in faith criticized by the preacher The sermons also presented an ongoing program of adult education that transmitted the Jewish tradition on a high yet accessible level to a congregation of new Jews immigrants who had lived as Christians in Portugal and were now assuming a Jewish identity with minimal prior knowledge Here Saperstein focuses on themes Morteira considered crucial memories of the historical past confrontations with Christianity ideas of exile and messianic redemption and attitudes toward the New Christians who remained in Portugal These historical reflections on Amsterdam s community of new Jews are illustrated by eight of Morteira s sermons which Saperstein presents in English and with full annotation for the first time Exile in Amsterdam offers those interested in European Jewish history and homiletics access to primary source documents and the scholarship of one of the premier historians of Jewish preaching **Proceedings of the Massachusetts Historical Society** Massachusetts Historical Society, 1909 **Chinese Poetry in Times of Mind, Mayhem and Money** Maghiel van Crevel, 2008-10-02 Chinese Poetry in Times of Mind Mayhem and Money is a groundbreaking study covering a range of contemporary authors and issues from Haizi to Yin Lichuan and from poetic rhythm to exile bashing Its rigorous scholarship literary sensitivity and lively style make it eminently fit for classroom use *Reappraising the History of the Jews in the Netherlands* Hans Blom, David J. Wertheim, Hetty Berg, Bart T. Wallet, 2021-09-15 The two decades since the last authoritative general history of Dutch Jews was published have seen such substantial developments in historical understanding that new assessment has become an imperative This volume offers an indispensable survey from a contemporary viewpoint that reflects the new preoccupations of European historiography and allows the history of Dutch Jewry to be more integrated with that of other European Jewish histories Historians from both older and newer generations shed significant light on all eras providing fresh detail that reflects changed emphases and perspectives In addition to such traditional subjects as the Jewish

community's relationship with the wider society and its internal structure its leaders and its international affiliations new topics explored include the socio economic aspects of Dutch Jewish life seen in the context of the integration of minorities more widely a reassessment of the Holocaust years and consideration of the place of Holocaust memorialization in community life and the impact of multiculturalist currents on Jews and Jewish politics Memory studies diaspora studies postcolonial studies and digital humanities all play their part in providing the fullest possible picture This wide ranging scholarship is complemented by a generous plate section with eighty fully captioned colour illustrations Translated by David McKay The Burlington Magazine Robert Edward Dell, Charles John Holmes, Harold Child, Lionel Cust, Roger Fry, 1911

Cultural Translation and Knowledge Transfer on Alternative Routes of Escape from Nazi Terror Susanne Korb, Philipp Strobl, 2021-08-05 The book investigates and compares the role of artistic and academic refugees from National Socialism acting as cultural mediators or agents of knowledge between their origin and host societies By doing so it locates itself at the intersection of the recently emerging field of the history of knowledge transnational history migration exile as well as cultural transfer studies The case studies provided in this volume are of global scope focusing on routes of escape and migration to Iceland Italy the Near East Portugal and Shanghai and South Central and North America The chapters examine the hybrid ways refugees envisaged managed organized and subsequently mediated their migrations It focuses on how they dealt with their escape in their art and science The chapters ask how the emigrants located themselves did they associate with ethnic religious and or cultural affiliations specific social classes or specific parts of society and how such identifications were portrayed in their knowledge transfer and cultural translations Building on such possible avenues for research this volume aims to offer a global analysis of the multifarious processes not only of cultural translation and knowledge transfer affecting culture sciences networks but also everyday life in different areas of the world The Burlington Magazine for Connoisseurs, 1911 **Literature and Homosexuality**, 2021-11-01 **Museum.
