Excursion Into Vengeance Andrew Suchard,2002-12-30 Michael West a retired engineer experiences the tragic and unexpected death of his wife Susan thereby ending a loving relationship of thirty seven years Her death takes place after a routine surgical intervention conducted in the Sunrise Medical Center a facility located in the Eastside section of Greater Seattle As devastating as this event becomes Michael is further impacted by a strong suspicion that the death was needless While investigating this possibility a contrived series of misrepresentations evasions and cover ups are revealed conjured up by a small group of the physicians involved He concluded that tort law becomes the only course of action to pursue but only encounters further frustrations Michael s contact with the legal profession instead of potentially providing justice through rightful litigation and eventual compensation only serves to fully identify to what extent the Medical Center and its associated physicians have gone in an effort to protect each other against possible court action Michael is virtually blocked in his attempts to identify and bring justice those clearly responsible for his wife s demise Beset with grief loneliness and a growing hatred fro those he feels have stolen his beloved Michael seeks an alternative eventually formulating a plan to kill the lead physician who conducted the failed surgery An embryonic scheme takes shape whereby he would venture to Tijuana in an effort to find someone willing to undertake the required murder for hire Once there Michael becomes involved in the devious world of prostitutes pimps and diverse criminals for which his border town is so aptly famous With initial satisfaction Michael connects with an ex convict who accepts the assignment and proceeds to make necessary arrangements To Michael s dismay the arrangements fail miserable Instead of gaining revenge Michael is further punished by having to realize that his excursion into vengeance has done nothing but affect others and create even more misery In conclusion Michael must temporarily abandon the notion of killing one of the physicians but most seek his own personal atonement for all that he was unwittingly initiated A consuming hatred is replaced by overpowering guilt and the latter becomes the greater driving force
