Entrancing Relationships:

Entrancing Relationships Don J. Feeney, 2002-12 You might be a turkey hunter if you identify some of the crazy antics and shenanigans those professing to be turkey hunters participate in for a couple of months each and every year. The idea for the book was sparked from a thread on a turkey hunting forum on the www.huntinfo.com web site. It is hilarious for both turkey hunters and their non-hunting friends. You might be a turkey hunter if you have ever run off the road while trying to look at a flock of turkeys or you have ever practiced your turkey calling technique while at work. If so, take a peek; this should be enjoyable reading.

Entrancing Relationships Don J. Feeney, 1999-05-30 The central focus of this work is that partners entrance one another into enmeshed bonding through the euphoric idealization of perfect love. This idealization is found to serve as a hypnotic allure which by its sheer luster blinds partners to its perilous powers of manifest magnetism. The stages of hypnotic entrancement are delineated starting with fantasy fixation of perfect love and its eventual demise. Partners entrance one another into enmeshed bonding through the euphoric idealization of perfect love. This idealization is found to serve as a hypnotic allure which by its sheer luster blinds partners to its perilous powers of manifest magnetism. The stages of hypnotic entrancement are delineated starting with fantasy fixation of perfect love and its eventual demise. The essential premise describes the addictive enmeshment as the result of consciously irresistible hypnotic pulls from entrancement which involves a coming together or fusion of idealized images superimposed upon physical attributes of one's partner. Partners merge their ideal images of love and beauty with the size, shape, contour, etc. of their mates, creating the entrancing whirlwind addiction. Numerous case examples are utilized in demonstrating a four-stage parallel between addictive bonds and hypnosis. Reawakening is described as coming out of entrancement. Genuine awakening is the emergence of innate artistic motifs inherent in partners which can bring empowerment and recovery. This book is recommended for both academic and professional readers.

Motifs of Life Altering Experiences Dr. Don J. Feeney, 2019 The manuscript reveals the dynamics of life-altering experiences as collaborative products of unwitting entrainments. Unwitting entrainments synchronizing our motifs can emerge into life-altering experiences. The manuscript strives to depict the ironic timing of synchronized entrainment present in perfect harmony. Taking two extra minutes drinking a Starbucks coffee saves a life, creating just enough delay in missing the 9/11 tragedy. Addictions, divorce, financial ruin, and damaged careers can all result from unwitting entraining of synchronized motifs. Fortuitous as well as disastrous coincidences of synchronizing events are possible outcomes of life-altering experiences. Formative motifs lie at the core of good and evil manifestations of events affecting trauma and triumph. Recognition and utilization techniques through time alteration of future designs highlight multidimensional consciousness of critical factors in survival and transformation. www.drdonjfeeneykellyafetherlinglcs.com
