

ETHNOGRAPHY PRINCIPLES IN PRACTICE

Martyn Hammersley and
Paul Atkinson

Ethnography Principles In Practice

Gilles Gagné

Ethnography Principles In Practice:

Ethnography Martyn Hammersley, Paul Atkinson, 1995 Thoroughly updated and substantially rewritten the second edition of this popular textbook is now even more relevant and useful for students and researchers In this accessible introduction to the methods of ethnographic fieldwork Hammersley and Atkinson reconsider the status of ethnography and seek to place it quite explicitly in a general methodological context Ethnography provides a systematic and coherent account of ethnographic principles and practices From an outline of the principle of reflexivity the authors go on to discuss and exemplify the main features of ethnographic work such as the selection and sampling of cases the problems of access observation and interviewing recording and filing data and the process of data analysis There is also consideration of the ethical issues surrounding ethnographic research Throughout the discussion draws on a wide range of illustrative material from classic and more recent studies in Britain and the US

Ethnography Martyn Hammersley, Paul Atkinson, 2007 Now in its third edition this leading introduction to ethnography has been thoroughly updated and substantially rewritten It offers a systematic introduction to ethnographic principles and practice New material covers the use of visual and virtual research methods hypermedia software and the issue of ethical regulation There is also a new prologue and epilogue The authors argue that ethnography is best understood as a reflexive process What this means is that we must recognize that social research is part of the world that it studies From an outline of the principle of reflexivity the authors go on to discuss and exemplify main features of ethnographic work including the selection and sampling of cases the problems of access observation and interviewing recording and filing data the process of data analysis and writing research reports Throughout the discussion draws on a wide range of illustrative material from classic and more recent studies within a global context The new edition of this popular textbook will be an indispensable resource for students and researchers utilizing social research methods in the social sciences and cultural studies

Ethnography Martyn Hammersley, Paul Atkinson, 2019-04-11 Now in its fourth edition this leading introduction to ethnography has been thoroughly updated and substantially rewritten The volume offers a systematic introduction to ethnographic principles and practice and includes a new chapter on Ethnography in the digital world The authors argue that ethnography is best understood as a reflexive process This requires recognition that social research is part of the world that it studies and demands that researchers reflect on how they shape both data and analysis Starting in Chapter 1 with an outline of the principle of reflexivity against the background of competing research philosophies the authors go on to discuss the main features of ethnographic work including the selection and sampling of cases the problem of access field relations and observation interviewing the use of documents recording and organizing data the process of data analysis and writing research reports There is also consideration of the ethical issues involved in ethnographic research Throughout the discussion draws on a wide range of illustrative material from classic and more recent studies within a global context The new edition of this popular textbook will be an indispensable resource for undergraduate

and postgraduate students and for all researchers using ethnographic methods in the social sciences and the humanities

Ethnography Paul Atkinson, 2007-06-26 Now in its third edition this leading introduction to ethnography has been thoroughly updated and substantially rewritten It offers a systematic introduction to ethnographic principles and practice New material covers the use of visual and virtual research methods hypermedia software and the issue of ethical regulation There is also a new prologue and epilogue The authors argue that ethnography is best understood as a reflexive process What this means is that we must recognize that social research is part of the world that it studies From an outline of the principle of reflexivity the authors go on to discuss and exemplify main features of ethnographic work including the selection and sampling of cases the problems of access observation and interviewing recording and filing data the process of data analysis and writing research reports Throughout the discussion draws on a wide range of illustrative material from classic and more recent studies within a global context The new edition of this popular textbook will be an indispensable resource for students and researchers utilizing social research methods in the social sciences and cultural studies *Ethnography* Martin Hammersley, 1989 **Ethnography** Martyn Hammersley, 1983 **Digital Ethnography** Sarah Pink, Heather Horst, John Postill, Larissa Hjorth, Tania Lewis, Jo Tacchi, 2015-10-09 This sharp innovative book champions the rising significance of ethnographic research on the use of digital resources around the world It contextualises digital and pre digital ethnographic research and demonstrates how the methodological practical and theoretical dimensions are increasingly intertwined Digital ethnography is central to our understanding of the social world it can shape methodology and methods and provides the technological tools needed to research society The authoritative team of authors clearly set out how to research localities objects and events as well as providing insights into exploring individuals or communities lived experiences practices and relationships The book Defines a series of central concepts in this new branch of social and cultural research Challenges existing conceptual and analytical categories Showcases new and innovative methods Theorises the digital world in new ways Encourages us to rethink pre digital practices media and environments This is the ideal introduction for anyone intending to conduct ethnographic research in today's digital society *For Ethnography* Paul Atkinson, 2014-12-01 This text is something of a masterclass in its own right Few are as well placed to comment on the debates surrounding ethnography debates which the author had been instrumental in shaping and to offer a clear and authoritative call to arms to future aspirant ethnographers It is a passionate but realistic manifesto for those wishing to undertake the craft of ethnography and to do it well All who read it will benefit Sam Hillyard Durham University This major book from one of the world's foremost authorities recaptures the classic inspirations of ethnographic fieldwork in sociology and anthropology reflecting on decades of methodological development and empirical research It is part manifesto part guidance on the appropriate focus of the ethnographic gaze Throughout Atkinson insists that ethnographic research must be faithful to the intrinsic and complex organization of everyday life An attempt to rescue ethnography from contemporary

qualitative research the book is a corrective to the corrosive effects of postmodernism on the analysis of social organization and social action Atkinson affirms the value of fieldwork while incorporating contemporary perspectives on social analysis Paul Atkinson is Distinguished Research Professor of Sociology at Cardiff University where he is also Associate Director of the ESRC Centre for Economic and Social Aspects of Genomics

The Journey from Student to Paramedic in the UK Ambulance Service John Donaghy, Diane Waller, 2024-03-12 Drawing on extensive ethnographic research this fascinating book highlights the challenges and contradictions faced by neophyte paramedics as they transition from a classroom setting into day to day clinical work placements Shining a spotlight on the subculture of the UK Ambulance Service as well as the paramedic profession more widely it examines critically how language cultural meanings institutionalised rules professional identity and working practices determine key behaviours within paramedic practice providing readers with insight into the profession not seen by members of the public or portrayed by media representations The book draws on work of seminal authors and experts in the field to provide a sociological perspective on this not only challenging but also at times chaotic professional environment Supported by fieldnotes as well as interviews with students and paramedics the book will be essential reading for any student on the path to becoming a paramedic It will also be valuable reading for those within the service who wish to better understand the hidden cultural and social components that lie beneath the practice itself

Digital Ethnography Sarah Pink, Heather A. Horst, John Postill, Larissa Hjorth, Tania Lewis, Jo Tacchi, 2016 Providing readers with the introduction to doing research into digital cultures and technologies this book considers the methodological practical and theoretical elements of digital ethnography and demonstrates how to research experiences and relationships as well as objects and events

Rapid research in action: Lessons from the field Ginger A. Johnson, Cecilia

Vindrola-Padros, 2023-07-05

Long-term care for older people: A global perspective Bo Hu, Ricardo

Rodrigues, Yongjoo Rhee, Raphael Wittenberg, 2023-05-04

Qualitative Methods in Psychology Peter Banister, 1994 This

book is a collaborative production based on the experiences of the co authors in presenting a course in qualitative methods over many years to MSc students This is not an edited book the authors have drafted particular chapters but the team has collectively discussed reworked and rewritten the text to produce a coherent review and guide to the area This research guide is designed to be an introductory text to qualitative methods intended for advanced undergraduate and postgraduate students As well as furnishing an understanding of the assumptions underlying such research methods the book is intended to present a practical guide as to how to carry out qualitative investigations and in addition to provide the basis for a critical evaluation of these methods

Messy Ethnographies in Action Alexandra Plows, 2018-04-30 This edited collection of chapters showcases original and interdisciplinary ethnographic fieldwork in a range of international settings including studies of underground pub life in North East England Finnish hotels and bio scientific institutions in the Amazonian

rainforest Informed by John Law s concept of ethnographic mess this book makes a unique empirically informed contribution

to an understanding of the social construction of knowledge and the role that ethnography can and does play Law 2004 It provides a range of colourful snapshots from the field showing how different researchers from multiple research environments and disciplines are negotiating the practicalities and epistemological and ethical implications of messy ethnographic practice as a means of researching messy social realities Law notes that social science investigations interfere with the world things change as a result The issue then is not to seek disengagement but rather with how to engage ibid p14 Drawing on their own situated experiences the book s contributors address the messy implications of this and also explore the equally messy issue of why engage They reflect on the process of undertaking research and their role in the research process as they negotiate their own position in the field What is ethnography for What impact should or do we have in the field and after we leave the research site What about unintended consequences When if ever are we off duty What does informed consent mean in a constantly shifting dynamic ethnographic context Is ethnography by its very nature a form of action research By providing a wide range of situated explorations of messy ethnographies the book presents a unique hands on guide to the challenges of negotiating ethnography in practice which will be of use to all researchers and practitioners who use ethnography as a method

Enhancing Healthcare and Rehabilitation Christopher M. Hayre, Dave J. Muller, 2019-03-29 Summary Description This book is primarily a celebration of the qualitative work undertaken internationally by a number of experienced researchers It also focuses on developing the use of qualitative research for health and rehabilitative practitioners by recognizing its value methodologically and empirically We find that the very nature of qualitative research offers an array of opportunities for researchers in being able to understand the social world around us Further through experience and discussion this book identifies the multifaceted use of qualitative methods in the healthcare and rehabilitative setting This book touches on the role of the researcher the participants involved and the research environment In short we see how these three central elements can affect the nature of qualitative work in attempts to offer originality This text speaks to a number of audiences Students who are writing undergraduate dissertations and research proposals they may find the myriad of examples stimulating and may support the rationale for methodological decisions in their own work For academics practitioners and prospective qualitative researchers this book also aims to demonstrate an array of opportunism in the field of qualitative research and how they may resonate with arguments proffered It is anticipated that readers will find this collection of qualitative examples not only useful for informing their own research but we also hope to enlighten new discussions and arguments regarding both methodological and empirical use of qualitative work internationally Features Encompasses the importance of qualitative research and how it can be used to facilitate healthcare and rehabilitation across a wide range of health conditions Evaluates empirical data whilst critically applying it to contemporary practices Provides readers with an overview with future directions and influence policy makers in order to develop practice Focuses on an array of health conditions that can affect groups of the population coincided with life issues

and the care and family support received Offers innovative methodological insights for prospective researchers in order to add to the existing evidence base Handbook of Qualitative Research Methods in Marketing Russell W. Belk,2006 This work offers both basic and advanced treatments intended to serve academics students and marketing research professionals It begins with a history of qualitative methods in marketing by Sidney Levy and continues with discussions of current thought and practice **The Cumulative Book Index** ,1902 *The Nurse Practitioner* Brian Dolan,2000-01-12 This innovative book examines the practicalities of conducting research in a busy accident and emergency department Brian Dolan candidly describes the methodologies and research tools used in a pilot study looking at nurse practitioners interactions with patients The study also explores factors which restrict or restrain some formal research practice for example the balance to be struck between maintaining good relations with research participants while observing the necessary distance required to produce quality research Nurse practitioners undergraduate and postgraduate students along with those interested in research will find this real world approach to undertaking research in practice settings both helpful and refreshing **Finding Your Way in Qualitative Research** Elizabeth Henning,2004 Etudes en Pédagogie de la Langue Maternelle Gilles Gagné,1987

Decoding **Ethnography Principles In Practice**: Revealing the Captivating Potential of Verbal Expression
