Going West:

Going West? Agathe Reingruber, Zoï Tsirtsoni, Petranka Nedelcheva, 2017-04-21 *Going West* questions how the Neolithic way of life was diffused from the Near East to Europe via Anatolia. The contributors have focused their studies on the vast area of the Eastern Balkans and the Pontic region between the Bosphorus and the rivers Strymon, Danube and Dniestr, offering an overview of the current state of research regarding the Neolithisation of these areas and also providing useful starting points for future investigations. Using previous studies as a basis for fresh research, this volume presents exciting new interpretations by analyzing recently discovered materials and applying modern methods of interdisciplinary investigations.

Going West Earley C. Camp, 2014-04-07 Hard work and taking risks were part of the adventure. On a hot Oklahoma City day in the summer of 1956 Marley and his best friend Stick climbed into a 49 Chrysler and headed for Route 66. Their destination Seattle, the farthest city away in the United States. With a stack of road maps, a collective worth of less than 300 and boundless determination, they set out on a road trip that would take them through plains and deserts and mountains, finally to lay eyes on the ocean for the first time. Along the way they encountered an assortment of characters, both friend and foe, survived a variety of perils and made new discoveries about each other and about themselves. **The Black West**

William Loren Katz, 2019-09-20 This entirely new edition of a famous classic has glorious new photographs, many never before seen, as well as revised and expanded text that deepens our understanding of the vital role played by African American men and women on America's early frontiers. This revised volume includes an exciting new chapter on the Civil War and the experiences of African Americans on the western frontier. Among its fascinating accounts are those explaining how thousands of enslaved people in Arkansas, Missouri, and Texas successfully escaped into the neighboring Indian Territory in Oklahoma. These runaways inspired the idea eventually adopted as the Emancipation Proclamation, which freed slaves within the states that were in rebellion. Inspired by a conversation that William Loren Katz had with Langston Hughes, *The Black West* presents long neglected stories of daring pioneers like Nat Love, a.k.a. Deadwood Dick, Mary Fields, a.k.a. Stagecoach Mary, Cranford Goldsby, a.k.a. Cherokee Bill, and a host of other intrepid men and women who marched into the wilderness alongside Chief Osceola, Billy the Kid, and Geronimo. **American Railroad Journal**, 1854 **Lewis and Clark Road Trips: Exploring**
