Afghanistan and Central Asia: NATO's Role in Regional Security since 9/11 Oktay Tannrisever,2013-02-15 Instability in Afghanistan has had a considerable effect on regional security in Central Asia particularly in the aftermath of the events of 9 11 and this has meant that the importance of NATO and its contribution to security in this area has increased considerably A detailed analysis of this topic is precisely important because it could

highlight the areas where the Central Asian countries could increase their security contributions to Afghanistan's security through enhancing their cooperation with NATO. This book presents the fully revised and updated versions of papers presented at the NATO Advanced Research Workshop ARW NATO the Fight against International Terrorism in Afghanistan and Security Situation in Central Asia since 9/11 held in Ankara, Turkey, in April 2011. This ARW was supported by the NATO Science for Peace and Security Programme. The book takes a comprehensive approach to the regional security complex in Central Asia by emphasizing the human security, socio-political, and energy dimensions in addition to the traditional military dimension of the fight against international terrorism in and around Afghanistan. The findings of the book enhance our understanding of the root causes of international terrorism and the effective ways of coping with the security challenges in this region. The book is divided into five parts: First, NATO's Contribution to Lasting Security in Afghanistan; Second, Responses of the Central Asian States to Political Instability, Organized Crime, and International Terrorism in Afghanistan; Third, Energy Security in and around Central Asia; Fourth, International Competition and Cooperation over Afghanistan and Central Asia; and Last but not least, Regional Security Organizations and the Fight against International Terrorism in Afghanistan.

The Smart Set, 1913
Farewell to Arms Rumela Sen, 2021

How in the absence of institutional mechanisms do Maoist rebels in India quit an ongoing insurgency without getting killed? How do rebels give up arms and return to the same political processes that they had once sought to overthrow? The question of weaning rebels away from extremist groups is highly significant in counterinsurgency and in the pacification of insurgencies. In *Farewell to Arms*, Rumela Sen goes to the rebels themselves and breaks down the protracted process of rebel retirement into a multi-staged journey as the rebels see it. She draws on several rounds of interviews with current and former Maoist rebels as well as security personnel, administrators, activists, politicians, and civilians in two conflict zones in North and South India. The choice to quit an insurgency, she finds, depends on locally embedded informal exit networks. The relative weakness of these networks in North India means that fewer rebels quit than in the South, where more feel that they can disarm without getting killed. Sen shows that these networks grow out of the grassroots civic associations in the gray zone of state insurgency interface. Correcting the course for future policy, Sen provides a new explanation of rebel retirement that will be essential to any policymaker or scholar working to end protracted insurgencies.

A clear-eyed view of the conflict in Afghanistan and its century-deep roots. The war in Afghanistan has consumed vast amounts of blood and treasure, causing the Western powers to seek an exit without achieving victory. Seemingly never-ending, the conflict has become synonymous with a number of issues: global jihad, rampant tribalism, and the narcotics trade. But even though they are cited as the causes of the conflict, they are in fact symptoms. Rather than beginning

after 9 11 or with the Soviet invasion in 1979 the current conflict in Afghanistan began with the social reforms imposed by Amanullah Amir in 1919 Western powers have failed to recognize that legitimate grievances are driving the local population to turn to insurgency in Afghanistan The issues they are willing to fight for have deep roots forming a hundred year long social conflict over questions of secularism modernity and centralized power The first step toward achieving a solution to the Afghanistan problem is to have a clear eyed view of what is really driving it
