

Socialism

['sō-shə-,li-zəm]

A populist economic and political system based on collective, common, or public ownership of the means of production.

For Socialism

Jean Jaurès

For Socialism:

Education in/for Socialism Tom Griffiths, Zsuzsa Millei, 2017-10-02 This book re-examines aspects of historical socialism and includes case studies of education within twenty-first century socialist and post-socialist contexts shaped by the trajectories of historical socialism. Through these case studies, contributions offer insights into key questions: How are education systems and student subjectivities shaped by post-socialist trajectories and current regional politics, economics, and resistance movements? How do sedimented socialist discourses and geographies alter and contest the neoliberal child and childhood in post-socialist education? How have disjunctures between the rhetoric of historical Marxism-Leninism and the practices of educators, students, and student political organizations played out under socialism, and what could we learn from that for our present? How much emancipatory potential is there in the theories and practices of popular education for combatting injustice in the absence of mass revolutionary political parties? Above all, this volume affirms the need to move beyond simplistic accounts of historical socialism and post-socialist transitions. By exploring how socialist trajectories remain influential and have potential in our current contexts, this book contributes to the work of politically engaged educators working to re-imagine and reconstruct education. This book was originally published as a special issue of *Globalisation, Societies and Education*.

The Case for Socialism Alan Maass, Howard Zinn, 2010 Is socialism an impossible, discredited dream or the only realistic path for human survival? If you're not sure of the answer or are just curious about what the Left really believes in, you need to read Maass. He's the Tom Paine of the contemporary American left. Mike Davis, author of *Planet of Slums*. This is a vivid, fluent, and rare book about socialism for those uninterested in tracts and excited by new prospects. John Pilger, author of *Freedom Next Time*. Growing numbers of people are disgusted by the disaster of poverty, war, oppression, and environmental destruction caused by global capitalism. But is there an alternative? Author Alan Maass argues that socialism, a democratically planned economy based on workers' control, is rational, necessary, and possible. With an afterword by Howard Zinn, Alan Maass is the editor of the website SocialistWorker.org.

A Future for Socialism John E. Roemer, 1994 Many people point to recent events—the collapse of the Soviet Union, the electoral defeat of the Sandinistas—as proof that capitalism has triumphed over socialism, once and for all. In *A Future for Socialism*, a noted economist argues that socialism is not dead but merely in need of modernizing. John Roemer believes that the hallmark of socialism is egalitarianism: equality of opportunity for self-realization and welfare for political influence and for social status, and he reminds us that capitalist societies face increasingly difficult problems of poverty and social inequality. Reenergizing a debate that began with Oskar Lange and Friedrich Hayek in the late 1930s, he brings to important questions of political economy a new level of sophistication in line with contemporary theories of justice and equality. Roemer sees the solution of the principal-agent problem as the key to developing a decentralized market socialist economy. This would be capable of maintaining efficiency and technological innovation while supporting a substantively more equal distribution of income than is achieved in capitalist

economies Roemer defends his views against skeptics on the right who believe that efficiency and innovation are incompatible with egalitarianism and skeptics on the left who believe that socialism is incompatible with markets Because of its interdisciplinary approach *A Future for Socialism* will appeal to a general social science audience including economists political scientists sociologists and political philosophers It is also accessible to the interested reader *We Didn't Fight for Socialism* Oliver L. North, David Goetsch, 2021-07-21 As seen on Hannity *We Didn't Fight for Socialism* brings many powerful voices to bear against America's greatest threat I spent nearly forty years opposing foreign enemies only to realize freedom's adversaries have been raised right here My friends Ollie North and David Goetsch have delivered what may be the most important book you'll read this year LTG William G Jerry Boykin U S Army Ret executive director of Family Research Council and author of *Man to Man Veterans* we interviewed and surveyed for this book as well as veterans we have talked to over the years made it clear they did not join the military to fight for socialism Many of the veterans interviewed and surveyed for this book said they served in the military because they loved the freedom and opportunity afforded them by our country as well as the values that have long characterized America To them America has always been the good guy in the community of nations A socialist America in the eyes of these veterans will no longer be a good guy *Arguing for Socialism* Andrew Levine, 1988

The Battle for Socialism Peter Fryer, 1959 *The Intercollegiate Socialist*, 1913 *The Common Sense of Socialism* John Spargo, 1908 *Studies in Socialism* Jean Jaurès, 1906 **The Socialists** John Spargo, 1907 **The Socialist Campaign Book of ...**, 1912 *Theosophical Socialism* Rohit Mehta, 1937 **The Socialist Review**, 1909 *Classified Catalogue* Carnegie Library of Pittsburgh, 1920 **The Struggle for Existence** Walter Thomas Mills, 1904 **The New Appeal Socialist Classics**, 1916 **Viereck's**, 1917 **Socialism** Oscar Douglas Skelton, 1911 **Socialism Inevitable (Wilshire Editorials)** Gaylord Wilshire, 1907 *The Vanguard*, 1904

Eventually, you will no question discover a extra experience and achievement by spending more cash. still when? do you undertake that you require to acquire those all needs with having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more around the globe, experience, some places, in the manner of history, amusement, and a lot more?

It is your very own epoch to enactment reviewing habit. in the middle of guides you could enjoy now is **For Socialism** below.
