Genesis, Vol. 2 Menahem Kasher,1955 **The Book of Genesis, Vol. 2** Robert S. Candlish,2015-07-08 Excerpt from The Book of Genesis Vol 2 Expounded in a Series of Discourses The divine testimony concerning Esau s state of mind towards his brother Jacob his bitter hatred and bloody purpose is the most authentic commentary upon his previous conduct Esau hated Jacob because of the blessing wherewith his father blessed him and Esau said in his heart The days of mourning for my father are at hand then will I slay my brother Jacob ver 41 Surely if Esau had really been seeking either true repentance or any spiritual blessing which the godly sorrow of true repentance can command he would have been humbled for his own sin before God and anxious to have a share in the covenant blessing on any terms that God might appoint And towards his brother he would have cherished such a sentiment as the oracle from the first should have awakened and now much more after even his too partial father had acquiesced in it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *A new commentary on Genesis. Commentary on Genesis Vol 2 In translating Luther into practical English in practical America and in this age that is growing more and more practical we need to be reminded that this work is for practical use and purposes Luther was radical along Bible lines in applying the truth personally and to the world It is a year since the last volume of the American Luther appeared The delay was caused by an effort to raise the work to a higher standard and by the publication of a book on The True Place of Germans and Scandinavians in the Evangelization of the World not a revision of but a new companion volume to Lutherans In All Lands that appeared seventeen years ago By comparing these two books one has the best evidence of the marvelous progress of God s Kingdom in recent years and the growing world significance of Luther s evangelistic writings Evangelization at home and abroad is the popular religious theme today in the German fatherland and in the whole Protestant world The word world is becoming so common its full meaning is not appreciated When world evangelization is discussed it is too often from the standpoint of the nation discussing it Each nation is so active in its own work that it fails to appreciate what others are doing For example how little the world missionary conferences in English lands have to say of the German and Scandinavian missions and the Reformed Churches of the Lutheran work Hence the fruits of Luther s evangelical writings are underestimated by the English people It is opportune to translate not only Luther but also the best fruits of those writings in various languages during the past 400 years especially since the memorable date of 1917 is soon to be celebrated by universal Protestantism Luther in all languages and Lutherans in all lands go together We ought to consider most carefully the great Reformer in his relation to the modern world and modern world evangelization The known world in his day was not so large He had however a clear view of it all in his writings which is due to his faithful study of the Scriptures The Bible gave him a knowledge of the world including all lands and all times His commentary of eleven volumes on Genesis illustrates this The first volume on Genesis treats of the first part of the ancient world the second volume the one before us treats of the second part and end of the old world This Luther would have us apply to the last times of the modern world Luther Educational and Devotional Here as everywhere in his catechisms sermons and commentaries Luther is unique among religious authors in that he is both educational and devotional appealing equally to head and heart He is religiously helpful and intellectually profitable covering every phase of religious moral and social conditions and touching every interest of humanity His words went to the mark like bullets and left marks like bullets Being beyond criticism they have a unique place to fill in the literature and libraries of the world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst
