## Geography Simulations:

Geographical Education in a Changing World John Lidstone, Michael Williams, 2006-07-19 This book results from the work of the Commission on Geographical Education of the International Geographical Union Part 1 focuses on the distinctive traditions of school geography Part 2 reviews the state of school geography on a broad continental basis including national case studies by local experts The final chapters extrapolate from the present and point to likely future developments in the subject again with examples drawn from various countries *Simulation/games for Learning*, 1989 **The Guide to**

**Simulations/games for Education and Training** David W. Zuckerman, Robert E. Horn, 1973 Social Studies Teaching Activities Books Gary Lare, 2006 An annotated listing of activities books for use with social studies curriculums focusing on elementary and middle school grades arranged by curriculum area topic and grade level Includes contact information for publishers and distributors of appropriate books and an index Spatialonomy Vít Pászto, Carsten Jürgens, Polona Tominc, Jaroslav Burian, 2019-11-06 This open access book is based on Spatialonomy Spatial Exploration of Economic Data an interdisciplinary and international project in the frame of ERASMUS funded by the European Union The project aims to exchange interdisciplinary knowledge in the fields of economics and geomatics For the newly introduced courses interdisciplinary learning materials have been developed by a team of lecturers from four different universities in three countries In a first study block students were taught methods from the two main research fields Afterwards the knowledge gained had to be applied in a project For this international project teams were formed consisting of one student from each university participating in the project The achieved results were presented in a summer school a few months later At this event more methodological knowledge was imparted to prepare students for a final simulation game about spatial and economic decision making In a broader sense the chapters will present the methodological background of the project give case studies and show how visualisation and the simulation game works **The Guide to Simulations/games for Education and Training** Robert E. Horn, 1977 **Simulations and Games** Donald R. Cruickshank, Ross Telfer, 1979
